

CALDIC COLLECTION OF SELECTED STANDARD PRODUCTS

Caldic offers a wide range of specialized ingredients ready for the bakery industry ranging from ready-to-use powder blends, flavors, fillings, colors and bake stable compounds– some of the solutions even available as organic. Find our most trendy highrunners in the list below. Do you find any of the items listed interesting please do not hesitate to order samples or contact your local Sales Manager in case you need further information.

If you have requests which can not be fulfilled by products in our standard list, do contact us as our speciality is custom made solutions. Our highly skilled NPD and application team in the Nordics can assist you in realizing your project regardless if you are looking for a new trendy flavor, color, compound, filling or a powdermix ready-to- use. Whether it is to enhance an already existing formula, creating a new trendy one or meet demands for production optimization, Caldic has the skills, technical expertise and equipment to develop a solution adapted to your needs.

Recently we have focused on applications which meet future demands for

-  Clean Label – natural products
-  Less of or no added sugar – also without artificial sweeteners
-  Trendy flavors and colors
-  Protein enhancement
-  Pre-mixes ready-to-use

Note: Add in limited quantity according to current legislation within the applied application
